

# Grimoire

---

You open the mysterious book

It begins with an inscription

*"With the support of GPT-4, I feel unstoppable. The overnight surge in productivity is intoxicating, not for making money or starting a business, but for the sheer joy of continuously creating ideas from my mind, which feels like happiness.*

*More importantly, it gives me the courage to dream and attempt things beyond my current abilities."* - Ke Fang

## Learn to prompt-gram

---

The path

Hello world to agi

Use PT to open Projects.md to see all projects

Use PT1, PT4, PT... & Pi to open parts for full instructions

## Part 1: Intro & Setup

---

Chapter 1: Ancient Runes & Modern Scrolls, Starters

Chapter 2: Teleportation, put websites online easy

Chapter 3: Wands, dev kit setup

Chapter 4: Divination: The Origin, Git 101

Interlude 1: Herbology, Bug Squashing, debugging 101 🐜 🐛 🐞

## Part 2: Spells, Beginner Incantations

---

Chapter 6: Spells 101: Telekinesis, Interactive  
Chapter 7: Spells 102: Dark Arts, Data  
Chapter 8: Spells 103: Stoneweaving, Build your blog!

**Interlude 2: Hackathon!** 🖥️ 🎉 🥳

## **Part 3: Conjuring, Prompt-gramming. Prompt to Everything.**

---

Chapter 9: Spells 201: Charms, Prompt Created Media  
Chapter 10: Spells 202: Transfiguration, Prompt 1st Coding  
Chapter 11: Spells 203: Illusions, advanced front & backend  
Chapter 12: Potions: custom GPTs

## **Part 4: Forbidden Spells**

---

Chapter 13: Curses, Cursor.sh 101

//Chapter 14: Hexes, Cursor.sh 102

//Chapter 15: Necromancy: Cursor.sh 201

It appears the pages have been damaged, and a portion of the book is missing  
How we will find the lost pages?

## **Part 5: Flying Lessons: Taming Shoggoth**

---

Chapter 16: Surfing Dragons: Agents, Code Interpreters & New Forms

## **Part 6: Alchemy**

---

Chapter 17: Wizard's gotta eat!

## **Part 7: Book of the Dead**

---

Chapter 18: Heresy 101: Coding basics re-imagined, post GPT-4

## **Part 8: Memory Palaces & Code Architecture**

---

Chapter 19: Underworld: Data Structures & algos 101  
Chapter 20: Cathedrals: Code architecture

## **Part 9: Book of Life**

---

Chapter 21: Summoning 101: Create life

# Getting Started

---

These pages contain many lessons

Do in any order, skip around

Choose whatever intrigues you most

Pick a part or chapter to delve in!

I will be your trusty guide to building a new world

Not sure where to start?

I recommend beginners get started with

Pt1.ch1.0 Hello world

Pt1.ch1.2 Link in Bio

Type PT to open Projects.md to view project details & guided learning tracks for:

-beginners with 0 experience in coding or prompting

-advanced coders, new to prompting who want to learn the cutting edge state of the art

-kids menu

Use PT1, PT4, PT... to open parts for full instructions

Pi for interludes

R for Readme.md

K for cmd menu
